D. J. Watts and Bert Walker of the Temple barber shop are congratulating themselves on the receipt of a \$15 check from the publishers of Judge in New York. The remittance was a reward for the solution of a prize picture puzzle, and Messrs. Watts and Walker ranked number five in a list of 45,000 contest-

The cover of the program is made of enamaled paper with gilt embellish-ments and classic designs, and is indeed a credit to the school that it rep-The commencement day is Friday, April 25, yesterday.

The Western Union wires were all down last night, east and west, no weather reports were received by the bureau in this city until late in the day. The trouble east was due to severe storms, and the trouble west was due to a collision of two trains in a snowshed which did considerable damage. Section Director Murdoch wired Denver this morning to help him out, but the Denver office was in as bad a shape as

J. W. Pollock, who it is claimed, was once the mayor of Clinton, Ia., was arrested last night and landed in jail only after a spirited tussel with two officers. The charge against him was that of drunkenness, and today he left \$5 bail and took his departure. He has been boarding at 218 west Second South for ome time, and it is said he has been drunk for some days. He came here re-cently from Idaho, where he has mining interests.

Richfield Reaper: The farmers of upper Grass valley are quite apprehensive of a rabbit plague this year. Last year J. A. Hill and James Windward suffered an almost total loss of crops by rabbits, while Wm. Hallows and others sustained partial losses. The indica-tions are that there will be an increased number of rabbits this year, and if so, they will be a serious menace. A party of hunters would be greatly welcomed by the plateau farmers about

The high school cadets were yesterday afternoon subjected to their first inspec-tion and they passed through the rigid test with signal credit. Col. H. M. H. Lund of the N. G. U., who did the in-specting, says that the boys are a credit to themselves. He found the rifles intrusted to their care in the very best condition, and in the drill and manual of arms which he put them through they evinced remarkable familiarity with the military tactics.

The word comes from Chicago that Viola, the 13-year-old daughter of Atty. Hiram E. Booth, is dangerous-ly ill in that city. She was taken there a few weeks ago to be treated for a nervous affection and for a time she seemed to improve but she has suffered relapse and is now in a grave condition. Her father left for her bedside last Sunday. The little girl's condition was brought about by too close an application to her studies, she being naturally of a nervous temperament.

Charles Hart, the man who stole a shotgun from the American bakery yesterday afternoon and then caused the consternation on west South Temple street, by firing a shot through the window of a newsstand, was finally landed in jail last night by Officer Brown, after the police had been looking for him for several hours. The police believe the man is eitner demented or fired the shot by accident. He was booked in the charge of destroying property and has a hearing before Judge Diehl this afternoon.

On last Wednesday the wedding of Segret Malquist and Mr. Carl Sander took place, the ceremony being performed in the Temple at noon. In the evening a charming reception was given at the home of the bride's parents, Mr. and Mrs. E. Malquist, only the intimate friends being present, The rooms were beautifully decorated with cut flowers and at 10 o'clock a delicious supper was served in the diningroom. FOREST DALE'S NEW MEETING HOUSE.

The above is the beautiful Forest Dale house of worship as it will appear when completed. The design is by Mr. S. T. Whitaker and was adopted out of a number of competitive drawings submitted by the leading architects of the city. The idea is somewhat new for church edifices, but being of the classical order the structure will ever be pleasing to look upon. The site is a magnificent one, commanding a view of the whole valley and surrounded by large boxelders which were planted by President Young near his famous old farm house. The cost will be near the \$15,000 mark. The foundation, which is of red cut sandstone, was completed last season and it is the intention of the good people of Forest Dale ward to so far complete the main structure the coming summer as to have the benefit of the fine basement, which will be used for general ward purposes,

MONEY TO LOAM.

People should have homes of their own. We will lend the money to get them. If you own a lot, we will lend you the monay to build a house, according to your own plans, and you may make your own arrangements. We will advance the money on your orders, as the house progresses; or

We will furnish the money, prepare the plans, and build the house, and turn it over to you complete, charging you only the actual cost; or

If you have no lot, we will supply you with one, and start you on the way to-ward gettling a home.

Take a pencil and paper, and draw a plan of a house as you would like it, no matter how roughly, and let us have it, and we will have a plan drawn for you. These are merely incidental things, which there is no charge for. The main thing is, we want to lend money to people who are gettling homes, because those are the people who are sure to pay it back. We charge a reasonable rate of interest, but it is a whole lot less than rent. We will accept part payments, and reduce interest. We don't obligate people to make part payments, because there might be sickness or other bad luck; we merely give the borrower the privilege of making part payment, and thus cut down his loan. It is always easier to pay off a loan in small sums than to save up a large sum. Material and labor are cheaper now than they will be later when everyone is busy. This is the best time to arrange for building. Call and see us and talk the matter over. McCurrin & Co., 38 W. Second South.
